MAGNA MA02

EARTHMOVER

MAGNA TYRES develops and manufactures high quality tyres for construction and mining purposes, especially designed for the most severe applications.

This tyre is designed for use on wheel loaders, articulated dump trucks, scrapers and dozers.

Side wall protection and flotation are enhanced by the wide shoulder design.

The tread compound provides excellent performance against cutting and abrasion.

Improved traction and performance through extra deep non-directional tread design.

All steel radial construction. Improved protector plies optimize load performance and operator comfort.

New improved technology of the high-tech casing reduces heat build up inside the tyre.
